

# Number Eight Business Finance secures £60k loan to help an Exhibition & Event Company finance its refurbishment

## MARKET

Public and Private sector

## NATURE OF BUSINESS

Exhibitions, Hospitality and Marketing

## FUNDING

60k loan over 5 years

## LOAN PURPOSE

Office refurbishment including office furniture

## What the company does

The company is a complete event partner, designing and producing exhibition stands, providing clients with project management, building and installation services throughout the UK & Europe.

Services include floor plan production, event planning and management, venue and equipment logistics and on-site support.

Additional services include:

- Quality display systems
- Equipment transport
- Storage and maintenance

## Customer feedback

*“First class service and thank you for securing our term loan for our upcoming office refit. Just four days from completion of application to receiving funds!!!”*

## What the Finance was needed for:

The capital raised was used to fully refurbish the customer's head office based in London. The refurbishment included re-decoration, various electrical installations, new flooring, general building works and new high tech office furniture throughout.

## How Number Eight helped

Initially, our customer enquired about funding the refurbishment using Asset Finance.

After careful consideration, it was agreed that Asset Finance would not be the best-fit product in this case. Due to the types of assets and various intangibles, the overall cost of finance proved to be an expensive option. Therefore, a simple and unsecured business loan was recommended and provided within 4 working days.
